

ELEVATING FACADES WITH KAWNEER CURTAIN WALL COVERS

Curtain wall systems can be enhanced and optimized by utilizing curtain wall covers to meet the specific requirements of a project. When specifying curtain wall systems, architects working with Kawneer have the option to add a curtain wall cover to the horizontal or vertical framings. Seamlessly integrating into Kawneer curtain wall systems, our cover options are popular choices for building developments across North America.

ADDING AESTHETIC APPEAL

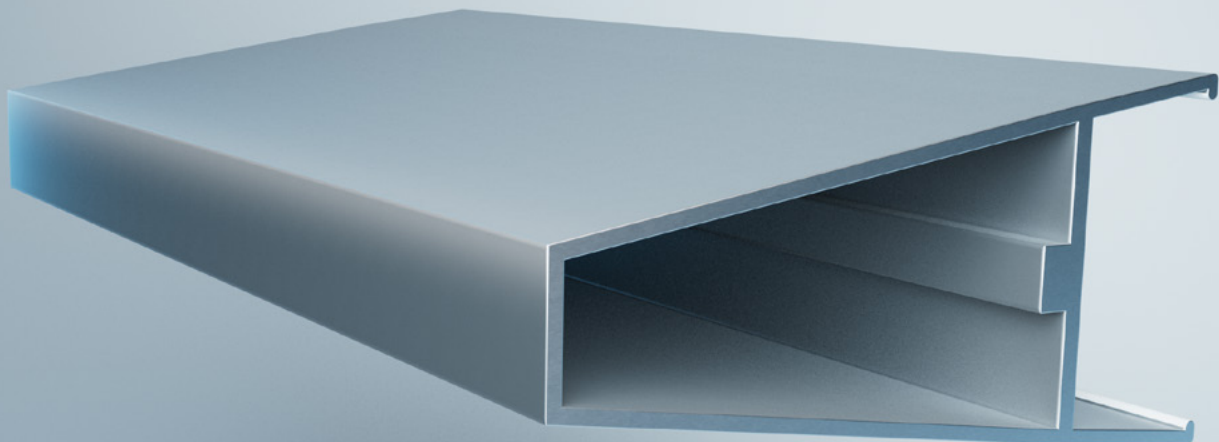

With a wide variety of shapes, sizes, and styles, our range of curtain wall covers offers the flexibility to achieve distinctive architectural designs and unique visual effects. For instance, curtain wall covers can create a shadow box effect, where shifting sunlight casts dynamic, moving shadows on the facade, enhancing the building's visual appeal.

CREATING ICONIC PROJECTS

Curtain wall covers allow architects, customers and building owners to create unique facades with distinct colors, profiles and textures. Adding a curtain wall cover provides an additional opportunity for companies and organizations to deliver a powerful branding message and promote their corporate identity through the look of their facilities.

REFLECTING SURROUNDINGS

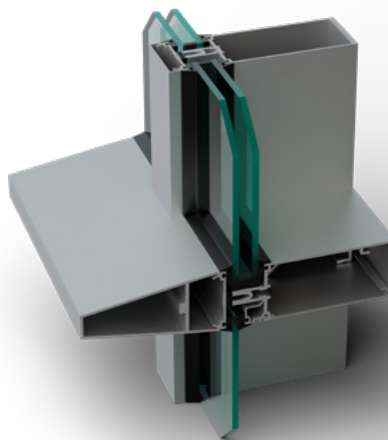

Curtain wall covers can not only elevate the overall appearance of a project but also ensure a development blends with the look and feel of the surrounding community. From an ultra-modern city center to a historic district, the right curtain wall cover can help a new building mimic and complement the local area.

SEAMLESS INTERIOR INTEGRATION WITH INTERIOR STOOL TRIM

Kawneer's curtain wall systems can be further complemented by interior stool trim to provide a smooth visual transition between the curtain wall framing and interior sheetrock. With a wide variety of depths available, Kawneer's offering of interior stool trim provides flexibility to accommodate different interior space and insulation needs.

INTERIOR TRIM				
	PART #	DIMENSION A (in)	DIMENSION B (in)	DIMENSION C (in)
	806538	2-1/4"	1-1/2"	
	832174	2-3/4"	3-1/2"	
	838155	3-1/2"	1-1/2"	
	831405	4"	1-1/2"	1"
	808981	4"	2-1/2"	1"
	831592	4-1/2"	2-1/2"	1"
